# Methodology

## General information:

**INSTAT** calculates and publishes the indicators of accommodation statistics which represent the tourism offer in the country.

**The purpose of the survey** to accommodation establishments is to monitor tourism activities, to calculate statistical variables about accommodation offer of Albanian tourism, which are important to determine the trend of capacity development in the tourism sector. Data are collected every month through the questionnaire "Survey of Accommodation Establishments".

## Coverage area

The scope of observation (or the target population) in accommodation statistics includes all tourist accommodation establishments from the Statistical Business Register of 2021. Tourism accommodation establishments are classified and described in groups according to NACE Rev. 2 classification as follow:

**55.10 Hotels and similar accommodation.** This class includes accommodation provided by: hotels, resort hotels, suite/apartment hotels and motels.

**55.20 Holiday and other short-stay accommodation.** This class includes accommodation provided by: children and other holiday homes, visitor flats and bungalows, cottages and cabins without housekeeping services, youth hostels and mountain refuges.

**55.30 Camping grounds, recreational vehicle parks and trailer parks.** This class includes: provision of accommodation in campgrounds, trailer parks, recreational camps and fishing and hunting camps for short stay visitors.

Non-registered visitors and accommodation establishments are not subject of this survey.

**Indicators** collected from the survey include:

- Arrivals of residents;
- Arrivals of non-residents;
- Nights spent of residents;
- Nights spent of non-residents;
- Occupied bedrooms by residents;
- Occupied bedrooms by non-residents);
- Number of bedrooms;
- Number of bed places;

Data collection and data processing methodology is based on Annex I of Regulation (EU) No 692/2011 of the European Parliament and of the Council of 6 May 2011 concerning European statistics on tourism.
