

Press Release

Revision of National Accounts indicators time series 1995-2018

Tirana, March 27, 2025: The Institute of Statistics (INSTAT) publishes the revised time series of the National Accounts indicators, as following:

- Revised time series of Gross Domestic Product, 1995-2018, by production and expenditure approach, annually;
- New time series of GDP, 2013-2018, by income approach, annually;
- Revised time series of GDP, Q1 2001-Q4 2018, by production approach, quarterly;
- Revised time series of GDP, Q1 2008 -Q4 2018, by expenditure approach, quarterly;
- New time series of GDP, Q1 1995 -Q4 2000, by production approach, quarterly;
- New time series of GDP, Q1 1995-Q4 2007, by expenditure approach, quarterly; link: [National Accounts \(GDP\) | Instat](#);
- New time series of Non-Financial Sector Accounts, 2013-2018, annually, link: [Annual Accounts by Institutional Sector | Instat](#);

The completion of the time series, 1995-2024, of the main indicators of the National Accounts, annually and quarterly, constitutes an important step that the Institute of Statistics (INSTAT) has taken within the framework of Albania's commitments for integration into the European Union. In fulfillment of one of the main recommendations for Chapter 18 "Statistics", INSTAT has completed the time series since 1995.

This update has been carried out in accordance with the European Statistics Code of Practice and the Harmonized Policies for the Revision of Macroeconomic Statistics (HERP), according to ESA 2010.
