Methodology

The Transport Statistics publication presents the results on the transport of goods and passengers by type, as well as the export and import of goods by mode of transport, on a monthly basis. The data are administrative. The main source of information is the Ministry of Infrastructure and Energy and General Directorate of Customs.

Definitions

Transport: Movement of people and / or freights using various means of transport. Transport is carried out by sea.

Maritime Transport: Any movement of freights and/or passengers using commercial vessels on travels undertaken wholly or partly by sea.

Statistical port: A statistical port consists of one or more ports, normally controlled by a single port authority, capable of recording vessel and cargo movements.

Loading Port: The port where the freights are loaded onto and transported from the vessel.

Unloading Port: The port where the freights are unloaded from the vessel after being transported by it.

International shipping: Shipping between two ports located in two different countries.

Maritime passenger: Any person who undertakes a sea voyage on a commercial vessel.

Embarked passengers: Passengers who have boarded the ship and are transported by it.

Disembarked passengers: Passengers disembarked from the ship after being transported by it.

Passenger/kilometers: Unit of measurement representing the movement of a passenger on a commercial vessel over one kilometer.

Exports: Goods destined to a third country, placed under customs export or outward processing arrangements or re-exported following inward processing.

Imports: Goods arrived from a third country and are directly placed, or are left in warehouse, under customs procedure of release for free circulation, inward processing or processing under customs control.

Nomenclature of Transport Statistics (NST 2007): A statistical nomenclature for the goods transported by four modes of transport: road, rail, inland waterways and sea (maritime).

The data of maritime transport are preliminary and subject to revision. For more refer: [Statistical revision policy](#).
